

San Joaquin Connect II

Justice-Involved Full Service Partnership (FSP)

At Telecare's San Joaquin Connect II program, you have the opportunity to connect with a group of people who are here to be your support team.

We believe that recovery starts from within and will do whatever it takes to support you on your recovery journey. We have a multidisciplinary team that includes a psychiatrist; a nurse; a program coordinator/licensed team lead; a clinician; a peer recovery coach; personal service coordinators with experience in drug, alcohol, and mental health treatment; and specialists in housing, education and employment, who are all here to help you on your path.

Our program is based on the Full Services Partnership (FSP) model, where staff create a supportive environment, including wraparound services that are based on your needs, hopes, and dreams. We also connect you to the proper resources that can help you achieve your goals.

What to Expect

Your recovery journey is guided by an individualized service plan. Our staff offers advocacy for individuals who have extensive contacts with the criminal justice system. We will assist you in recovery by tailoring services so you can better manage your conditions, monitor your progress toward your goals, adjust services to fit your changing needs, and partner with community services to ensure continuity of care.

Our culture is based on recovery. We believe in respect and non-judgment, and we celebrate individual uniqueness. We care about the interpersonal relationships we develop so we can foster a supportive program setting.

Our staff are passionate, resourceful, and motivated. They are your partners in recovery, and will be with you throughout your journey.

Our goal is to be a place that helps you thrive. We want you to be the leader of your recovery journey, and to create the life you want for yourself.

“The goal of recovery is not to become normal. The goal is to embrace the human vocation of becoming more deeply, more fully human.”

— PATRICIA DEEGAN, PHD, FOUNDER OF COMMONGROUND

Services at Connect II

Services at Connect II include but are not limited to:

- Community-based, wraparound services
- Mental health assessment and treatment, with a focus on criminogenic needs
- Crisis intervention
- Medication support and education
- Co-occurring disorder treatment
- Housing support
- Vocational and educational services
- Linkage to benefits assistance

Becoming a Member

Referrals come from San Joaquin County and are prioritized based on the level of need.

Admission Criteria

- Adults between the ages of 18-59 who have a serious mental illness
- Have a history of reluctance to engage in traditional mental health treatment services
- Have a history of repeated contact with law enforcement with multiple involuntary holds
- The target population will comprise a combination of justice-involved individuals, including Mental Health Court and AB109 clients

Our Story

Telecare is a family- and employee-owned company that has been treating individuals with serious mental illness since 1965. We specialize in outcomes-driven services for individuals with complex needs who are at risk of crisis, hospitalization, or recidivism into the criminal justice system. Our programs are recovery-focused and clinically effective and are designed in partnership with local, county, state, and other behavioral health organizations. We provide services in multiple states and have more than 3,700 employees.
