About the Program

At the Mental Health Urgent Care Center (MHUCC), we are here to help you find relief from distress and assist you in maintaining stability in your life.

We believe recovery starts from within, and that our job is to do whatever it takes to help you cope with crisis and gain skills to deal with your challenges more effectively. We have a multidisciplinary team of clinicians, psychiatric prescribers, and nursing staff who are all here to help you on your path.

Our services emphasize choice-making skills and harm-reduction techniques. We provide a safe, respectful environment where you can receive immediate, individualized assistance and a compassionate presence to stabilize symptoms, avoid the need for higher levels of care, and receive appropriate referrals to community-based resources.

This program is funded by Los Angeles County Department of Mental Health.
