

About Telecare

Telecare is a family- and employee-owned company that has been treating individuals with serious mental illness since 1965. We specialize in innovative, outcomes-driven services for high-risk individuals with complex needs.

Our programs are recovery-focused and clinically effective and are designed in partnership with local, county, state and other behavioral health organizations. We currently provide services in multiple states and have more than 3,000 employees.

Telecare's Mission

Deliver excellent and effective behavioral health services that engage individuals with complex needs in recovering their health, hopes, and dreams.

Our Statement of Purpose

Telecare exists to help people with complex needs realize their full potential.
