

Telecare Shelton Next Steps

New Long-Term Evaluation & Treatment (E&T) Program

ESSENTIALS AT A GLANCE

Program Type: **Acute**

To Make Referrals: Telecare will prioritize admission for individuals being referred by Telecare short-term E&Ts, but we welcome referrals from all Managed Care Organizations (MCO) and BHO/ASO partners in Washington State.

Telecare Shelton Next Steps is under contract with the Washington State Health Care Authority (HCA) to provide care to individuals currently under involuntary commitment by the courts pursuant to RCW 71.05. Individuals on involuntary order become eligible for consideration once they receive their 90-day commitment order.

of Beds: 16 beds

Address: 307 W Cota Street, Shelton, WA 98584

Facility Phone #: 360-205-8010

Facility Fax #: 360-946-2031

About the Program: The Telecare Shelton Next Steps program is a 16-bed facility that provides involuntary inpatient evaluation and treatment to individuals who are experiencing acute distress or an exacerbation of a chronic mental illness based in a non-hospital setting.

Telecare Shelton Next Steps is a 16-bed program that offers 24-hour support, psychological assessments, assistance with symptom reduction, medication services, and discharge planning, for individuals on a 90- or 180-day court order with the goal of preparing individuals to return home or to lower levels of care as appropriate.

Shelton Next Steps is under contract with Washington State HCA.
